

NO GIRL SHOULD MISS SCHOOL BECAUSE OF HER PERIOD

A period should never stand in the way of education, health or opportunity.

WHY THIS MATTERS

Every month, thousands of girls and women miss school, work, healthcare, and community activities simply because they do not have menstrual products, clean toilets, safe water, or the support they need.

MENSTRUAL HEALTH IS A RIGHT, NOT A PRIVILEGE

- Every girl and woman deserves:
- Affordable menstrual products
- Clean, safe and private toilets
- Soap and safe disposal facilities
- Accurate menstrual health information
- Respect, dignity, and freedom from stigma
- No one should feel ashamed because of **menstruation**.

TIME TO END PERIOD STIGMA

- Periods are normal.
- Silence, shame, and discrimination are not.
- Replace myths with facts, judgement with support, and silence with open conversation.
- Parents, teachers, faith leaders, community leaders, men, boys, and young people all have a role to play.

OUR COUNTY GOVERNMENT MUST DO MORE

We call on our County Government to:

- Make menstrual products affordable and accessible for girls and vulnerable women.
- Invest in clean water, private toilets, handwashing facilities, and safe menstrual waste disposal in schools, health facilities, and public spaces.
- Provide menstrual health education in schools and communities.
- Allocate adequate county budgets for menstrual health programs.
- Ensure girls and women including those living with disabilities can manage menstruation safely and with dignity.

No girl should miss school. No woman should lose dignity.
No one should be left behind because of their period.

Menstrual health is a right.
Let's protect it.

Your Voice Matters!

Ask your leaders:

?

Why are girls still missing school because of their periods?

?

Does every school in our county have clean toilets, water, soap, and menstrual waste disposal facilities?

?

Has our county allocated enough funding for menstrual health?

?

What is our county doing to end period stigma and support girls and women living with disabilities?

Hold leaders accountable. Demand action. Speak up for menstrual dignity.

What can you do to make a **Difference**

- Talk openly about periods.
- Challenge harmful myths and stigma.
- Support girls and women in your family and community.
- Advocate for better menstrual health services.
- Demand county investment in menstrual health.

**No girl should miss school.
No woman should lose dignity.
No one should be left behind
because of their period.**

When we remove barriers, girls don't miss out.
They show up, **they learn, and they lead.**
